Breathability : All soft comfort wallcoverings are highly breathable and will not promote the growth of mold or mildew.

Custom Colors : Customized colors are available. Minimum order for a customized color is 500 meters. Strike-off samples are provided for a swatch for color matching.

Handcrafted : As each order is made to order, there may be a slight variance in texture and color. This is a part of inherent beauty of handcrafted wallcoverings.

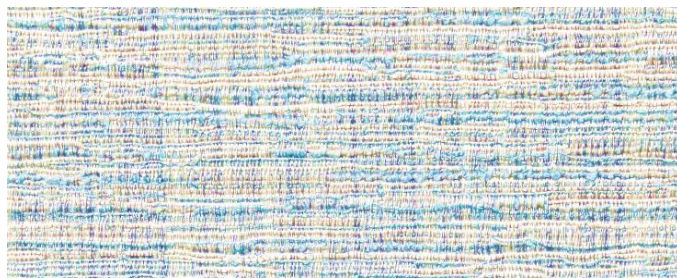

INSTALLATION

Adhesive:

1. We recommend a clear, pre-mixed adhesive.
2. Apply the paste to the back of the paper, which will become flexible and easy to hang. Allow the paste to become tacky prior to hanging (exact time will vary based on temperature, humidity, etc.)
3. Do not add excessive water to the paste as it may cause the backing paper to pull away from the front.
4. It is important to keep the face of the wallcovering free of adhesive.

Trimming:

1. The edges have been pre-trimmed at the factory. However, you may wish to double cut the wallcovering to create a fine join.
 2. Trim edges with a very sharp razor blade. Change your blades often.
